

What is A True Scouter ?

Some folks are in the program cause it's the place to be !

Some folks are involved - cause their son is !

Some are in it for the title and prestige !

Some are there to exert their power / dominance and show off !

And then there are some there because they want to - like to and enjoy seeing the results of helping others ! (boys growing and maturing in front of your eyes)

These are the true leaders and should be commended !

These folks are the Great Ones - The Scouters that will continue to help when others fade away or don't care to be bothered !

They are there for the scouts - even when others are not.

They attend the meetings because the guys depend on them - not as a formality !

They are reliable, dependable and truly care about the results of the troop's events / adventures - not going through motions waiting to retire / step away when their kid drops out !

They spend their time helping scouts and promoting scouting !

There are so many folks who have provided many, many thousands of hours of time and effort to help the scouts without thought of self, recognition and/or who's child is involved in the need.

These folks are **TRUE SCOUTERS !**
